

## WHO WE ARE

-We Work As A Team With Community Members And Other Development Agents-

### LEGAL STATUE:

TechCeFaCos is a Cameroon based non-profit Civil Society Organisation (CSO) that was legalised on the 4th of February 2004 as a Common Initiative Group (CIG) with authorisation No.: NW/GP/27/04/8170; to enhance community development and capacity building through creative and digital technologies; TechCeFaCos is have a 'Special Consultative Status' with the ECOSOC since 2013.

### BACKGROUND:

It was founded in 2003 by a group of people with common skills of creative and digital technologies to empower other interest persons with these skills; before it was later legalised on February 4th, 2004 as a non-profit making CIG to enhance capacity building and community development.

### MISSION & VISION:

Her legal empowerment as a non-profit CIG is to enhance capacity building and community development through creative and digital technologies to ensure development base on community and sustainable development ensure self-reliance as well as enhancing and fostering national and international objectives, policies and works like that of ECOSOC toward development using collective efforts inspired by holistic approaches.

### ORGANISATIONAL STRUCTURE:

With committed members as well as patrons since her creation, TechCeFaCos have been working in collaboration with committed staffs and volunteers as well community committees and partners in development to meet her mission. This organisational structure has been the main fundamental base for her successes as well as a sustainable platform.

## How It's Done

-How It's Done: These Are Series Of Strategic Initiatives Based On Our Programmes And Committees With Other CSOs & CBOs-

- Setup Community Centres such '**Kumbo Community Centre**' to provide basic ICTs and other related services to the community.
- Establish Vocational Training institution as '**Community College**' for youths' empowerment and skill development for self reliance and labour market needs. Also, coordinate a series of educational initiatives as **EduCARE** initiatives toward improvement of basic and technical education as highly neglected educational sectors in Cameroon.
- Runs Business Incubators known as '**CAMBiG - Business Centres**' under a separate legal entitled: Cameroon Biz Group Ltd - CAMBiG with series of business initiatives such business services; corporate activities and programmes as well as marketing IT products.
- Coordinate and manage series of Community Initiatives through '**Project of Great Hope**' to improve basic human needs - water, health, food etc.
- Setup and coordinate a network programme for civil society organisations known as '**Cameroon Civil Society 2.0**' to orient CSOs use of ICTs for data and information management as well as communication.
- Harmonize a volunteering platform known as '**Volunteering Mission Cameroon**', to forms and recruit as well as organising assignments for both local and international volunteers to service in Cameroon.
- Organise and or promote as well as celebrating recognised '**Public Events**' such 'Holiday for Hope'; 'Clean Up The World' etc having positive change to poverty reduction, environmental mgt etc

## HELP TechCeFaCos MOVE FORWARD

Prior Initiatives & Achievements	Organisation Development Assessment - Process
Being in progress and attaining successes have not been easy despite of a committed mgt team and great strategic developmental and humanitarian initiatives due to inadequate mgt budget, getting competent organisational staff, having potential and committed collaborators for the organisational mgt and initiatives. Some of her achievements include: empowered thousands of youths with creative and technological skills; donated creative and technological facilities to schools and communities etc	Organisation Development Assessment - Process is base on her 10 years of existence, which able development assessment for which a strategic development process is base and a 5 Years Strategic Plan as well as yearly Action Plans are drafted and endorsed to be move through a tactical campaign - Help TechCeFaCos Move Forward...base on sustainability and collaboration!
<ul style="list-style-type: none"> <li>+ Prior Initiatives Factsheets</li> <li>+ Achievements Factsheet</li> </ul>	<ul style="list-style-type: none"> <li>+ 2010 - 2015 Strategic Plan</li> <li>+ 2013 Action Plan</li> </ul>

TechCeFaCos' Current Initiatives	Documentation & Information System
TechCeFaCos' current initiatives i.e. activities and projects (as outline below) are being inspired by previous initiatives that are being expanded and or innovated as a commitment of our team to move forward in achieving and realising her mission and vision respectively. Our initiatives are based on various programmes that are either developmental or humanitarian that operates in various communities of Cameroon!	Since her creation, TechCeFaCos have developed an archive of Documents and Audiovisual Files both in shelves and CDs/DVDs as well as online to backup her existence for future references - research, studies etc Supportive to these system is a good communication network for sharing documentations and information regarding TechCeFaCos' Activities, Programmes, Successes, Updates as well News & Development Issues.
