Dear Sir/ Madam

RE: EXPRESSION OF INTEREST TO WORK IN PARTNERSHIP WITH PLAN INTERNATIONAL UGANDA

Reference is made to your application letter dated 04/3/2021, expressing interest to work in partnership with Plan International Uganda in implementing Girls Get Equal: End Child Early and Forced Marriage, funded by NORAD; in Adjumani, Nebbi, Pakwach and Zombo Districts.

I wish to thank you and your organisation for expressing interest in working with Plan International Uganda on the above project. Your application was duly received and evaluated using a set criterion for evaluation applied to all applications received.

Your application has been selected and your organisation allocated to work in partnership with Plan International for implementing the above project in Erusi subcounty Nebbi District.

Our project team led by the Project Manager will be working with your team to formalise the partnership agreements, capacity building plans and other related project interventions going forward.

Looking forward to enjoy working with you and your organisation to advance children's rights and equality for girls in West Nile, as we strive to end Child Early and Forced Marriage through this project.

Sincerely,

Isaac Obong
 Program Area Manager,
 West Nile South Program Area.
