TESTIMONIALS

BY ASBL

Dear Foundation Team,

I meant to write earlier but nevertheless, on the behalf of the Children Education & Development Trust, I would like to express my sincere appreciation and thanks for the commitment and effort rendered by yourself and the team members.

I had a meeting with the staff and the feedback was extremely positive, the children enjoyed all aspects of your training which made an impact on their learning.

On the same note, I would like to gain continued support from your organisation and welcome any suggestions and feedback you have based on your time spend with us. In addition, we wondered if you could carry out another session to enhance the children's learning.

Looking forward.

Thanks & regards,

Suresh Somasamy

BY CSSAR

Dear Team,

We are grateful to your Foundation and ClassTeacher Learning Systems. We highly appreciate your contribution which is innovative and very much useful to children. Children have learned a lot in a very short span of time. Thanks again to your entire team.

Yogendra Jha
