Dear Sir/Madam,

### **Re: Recommendation for Parkers Mobile Clinic**

Parkers mobile clinic is a movable clinic which provides Healthcare services at the doorstep of elderly, disabled, chronically ill and other vulnerable persons living in Anambra state, Nigeria.

In response to the Covid-19 lockdown imposed by the Nigerian government, they notably increased the impact of their services and activities which informed our decision as the Commonwealth Youth Council to award them with a mini-grant. I highly recommend them for any funding, fellowship or partnership that they are seeking in order to scale up their project.

Kind regards,

**Nafula Wafula**
