Dear Rev. David Okello Amuca - Chairman Mgmt Committee,

We are pleased to inform you that a consignment for you has been packed in to our current container Reuben, which will arrive in Uganda in late November 2006.

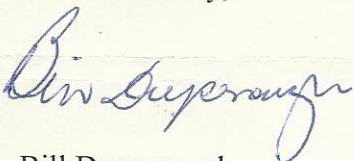

The distribution of the container will be handled by our representative Fr Tony Rweza (or Fr Pontian Wasswa) at Interservice, PO Box 4213, Kampala, Uganda. He will be letting you know when you can collect your consignment. Workaid will be paying the freight and transport charges as far as Kampala. However, any transport costs incurred by the collection of the consignment from Kampala are your responsibility. Our representatives will not make any charges for collection.

There are 29 boxes in the shipment containing equipment you have requested for the project. We look forward to hearing from you when these have been collected from Interservice in Kampala. **Please quote the reference number at the top of this letter on all correspondence to Interservice and to Workaid.** Also, we need to have a report from you signed by your committee and, if possible, photographs once the equipment is in use at the project. This feedback is extremely important to us and encourages further donations in the UK.

**It is important that you take this letter with you for verification when collecting the consignment. If you send a representative they will need a note, signed by yourself, giving them authority to collect.**

With all good wishes and may God bless your work.

Yours sincerely,

Bill Duperouzel  
Administrator
