Introduction

The Crescent Foundation laid in 2008 with the aim for the betterment and upliftment of the weaker & underprivileged community in India. The Crescent Foundation founded under the Public Charitable Trust Registration Act in 2008 is home to peoples and nature beset with problems of poverty, illiteracy, unequal distribution of wealth, exploitation and all the associated ills. This results from a lack of awareness, illiteracy, poor planning and wanton greed of the section of human society and a world where every child attains the right to survival, protection, development, and participation, envisions building an equal opportunity society. The organization seeks sustainable solutions to long-term problems of the 'marginalized and weaker section of the society' through an integrated, community-based, participatory approach that reinforces civil society and government initiative. Through an array of empowering measures, it works to open opportunities for marginalized and weaker sections of society and improve their living conditions. TCF, at present, is engaged in the field of Education in weaker sections and marginalized communities and in the health sector, skill development and women empowerment field with an average of 12000+ beneficiaries till date.

Concept In Social

OUR VISION

The Crescent Foundation home to peoples and nature beset with problem of poverty, illiteracy, unequal distribution of wealth, exploitation and all the associated ills. This is a result of lack of awareness, illiteracy, poor planning and wanton greed of the section of human society and A world in which every child attains the right to survival, protection, development, and participation.

OUR MISSION

Our mission is to touch millions of lives and spread happiness to the underprivileged People of India on a sustainable basis. We will make use of multiple platforms and mediums to reach this goal and be one of the most respected NGO known for its practice and ethics. TCF was formed to respond to this issue and is the initiative and effort to facilitate Empowering community development process.

VOICE OF FOUNDER

The Crescent Foundation has established itself as an organization committed towards welfare and empowerment, Upliftment and transformation the life of the marginalized and voiceless section of the society. The organization has worked with multiple stakeholders: governmental bodies, media, private sector National NGOs and organizations to create a platform and an understanding towards this margined and voiceless section of the society. Taking impetus from its previous work TCF this year articulated and highlighted issues of important of education for daily wages working family, marginalized and Below poverty line family and working children at the Marathwada level as well. We continuously trying and giving our best to decommercialization of education system through crescent public school at Nanded District. TCF was able to present its experience of working with local School and campuses how to bring the education awareness and the decommercialization process in school systems with sustainability of organization the presentation also included how its work on sensitization and working with local governments private organization and juvenile justice system led to greater impact. TCF also understands the Barrier in education for marginalized and weaker section of the society. To ensure opportunities of education, health, nutrition, play and survival it was thus necessary to work on the concept of decommercialization of education system in Marathwada. All these activities made it possible for with the help of TCF hardworking and dedicated team and some of corporate social responsibilities team.

Crescent Public School

To decrease the dropout ratio of students from school and to bring education awareness in slum areas. Kudwai Nagar, chaupala is one of the most crowded and slum areas in the Nanded district, in this area the ratio of illiteracy is very high, and 98% of families fight hard to manage their daily needs to survive. Our mission is to uncover, recover and discover the unique gifts and talents that each child brings to school every day, from every area of the Nanded district belongs to the weaker Section and backwards-class people. In this era quality education increased the financial burden on parents if we look at the underprivileged & weaker sections they can't afford the high campus for their children. So, to bridge this gap, the Crescent Public School promotes the decommercialization of the education system In Nanded district. Our aim is to give quality education at minimal fees which are easily affordable for the parents without distracting the financial chart, to save the transportation charges and extra activities Charges, the Crescent Public School is operating the school in their locality to make their children for a continuation of education without dropping out from school. The Crescent public school is situated in one of the most backward & weaker section areas where the literacy rate is on a very critical scale. Our aim is to give literacy to at least one child from one family from that area who can be a change-maker for an upcoming generation. 95% of children in our school belong to families which have no connection with education. They are the daily wage workers, cleaners, sweepers, domestic house workers etc. CPS has special seats free of cost to those children who don't have parents, separated parents, or single mothers. CPS management will bear the all expenditures of this category candidate. This is our targeted community. Above 1150+ children took advantage of our campus and were promoted to secondary school in 2023.

THE CRESCENT BLOOD CENTRE was laid in 2020 under the banner of THE CRESCENT FOUNDATION at the time of the pandemic waves. Where the people were facing a shortage of blood for the needy and thalassemia patient apart from this TCBC have the mission and vision to provide safe and secure blood to the underprivileged and financially weaker section patient of the communities. TCBC operate on no replacement donor policy and free a safer, more plentiful supply believes that if a patient is in need of a life-saving transfusion, the blood required should be available, especially for financially underprivileged patient. TCBC is a centre for the poor and weaker section societies. TCBC is a charity-based blood center that offers free blood units to the financially weaker section community. Every day in the world's poor and backward community people die because of a shortage of blood. To reduce India's inequities in blood safety and sufficiency. Since 2020, we have helped over 6000+ poorly resourced patients from civil hospitals and private hospitals in Nanded district around in (MS) better serve their lives. TCBC is always looking forward to decreasing the death ratio in India due to the shortage of blood units. No one should lose their life due to a shortage of blood. This area is one of the most populated in Nanded district and has more than 20+ multispecialty hospitals, 2+ Municipal corporation hospitals and 70+ normal & general practitioners. Blood transfusion safety remains an important public health concern in India. The Crescent Blood Center has divided the blood units into various sectors; our motto is to provide hurdle-free blood to the underprivileged and weaker sections of society.
