Dear Sir,

The importance of person. It goes without saying that education has a positive effect on human life and human being not merely education is undeniable for every single surviving but living a better quality life. As we all are aware Dharavi has a population of 15 lacs and limited resources Children are left behind to get involved in petty crimes due to non availability of proper guidance and education facilities.

We appreciate your efforts for starting a school and giving opportunity to the children those who are deprived from getting their educational rights. We wish you all the best for your continuous efforts and valuable contribution in building the future of our young generations.

Thanking you,

Regards

m. Rashid
