

EMPOWERED WOMEN YOUTH AND CHILDREN-UGANDA.

P.O.BOX 940, OMITO ROAD, KIROMBE NORTH, ADYEL DIVISION, LIRA DISTRICT.

sucessess storries of the project activities done by Earn Uganda in 2018 to 2019 in Lira District Northern Uganda.

Our success stories the above trainings as improved so many the beneficiaries in all the groups of vulnerable child mothers, women living positively with HIV/AIDs, vulnerable youths who pass through hard live with so many issues like Rape cases, force sex, Gender violence and force marriage during the War time in Lira District, So we managed to get the support from Tukolere wamu Uganda funded by Tukolere Wamu Germany, Empower women youth and children (EARN Uganda).

We managed to train 30 Child mothers, 71 vulnerable youths with Cobblers skills and 5 of them are training cobblers skills in northern Uganda's displace camps now and the rest of them are doing cobblers business.

We also managed to train 48 Child mothers, 10 vulnerable youths and 20 vulnerable women (living with HIV/AIDS) got train on bakery's skills, Mentorships, Business skills and

OPERATIONALIN BUSOGA REGION EASTERN UGANDA.

- Empowered women group, community individual through development, capacity building in Nawanyingi S/C, Nakalama s/c and Nabitende. Some groups were given seeds and seedlings for

- We lobbied 3 bore holes and drilled in Lwerera-Magogo, Buwongo – Nakalama s/c and Nawankonge – Nawanyingi S/c to enable communities to access clean water.

- Support 231, OVC with stationeries; books, pens, sets etc. supported 51 OVC with tuition and uniform.
- Gave out Christmas package to OVC on 22nd/12/2018.

- Trained some communities about the use of available resources for effective production ie vegetable gardens in courtyards to minimize costs and expenditures.

➤ Fed OVC at the orphanage school

- Conducted and reached out to the communities over HIV/AIDS to community awareness.
- Seeds and seedling were given to communities members to improve their income.
- Under agriculture and farming planted maize to provide food the orphanage school, established a poultry to provide eggs and meet for revenues to the organization.

- Dug and established a fish pond to be one of the economic activities.
- BUO has expanded HIV/AIDS awareness through counseling and workshops to youth in rural schools that is Makuutu seed- Makuutu s/c, St Paul Nasuti- Iganga and encouraged parents' engagements and involvement in activity implementation

- We have helped over 6323 adolescent girls in rural schools through menstrual hygiene, sexual reproduction health sensitization and provide them with pads.

- Conducted various meetings over finance management, consultative meetings
- Took OVC for a tour retreat in need of exposure and change of environment.

How many are employed and in which areas? 60% of trainees are employed now. Hawa with many trainees are now sailing their goods in every respective groups.

Bread making cobbler's Local sanitary pad, Bread Harvesting mushroom

The challenges are that young women are been eliminated from public meeting, but opportunities are that we can overcome that through communities sensitization, mobilizations, capacity building through focus group discussion (FGDs), stakeholders meeting, women drama, communities meetings and priorities are the child mothers, new parental mothers, vulnerable youths and vulnerable women.

We believe all the project given to us will be successfully implemented and report it in a faithfully way, the above project will give more opportunity to vulnerable to sustain their families. We shall be grateful for your kind toward the vulnerable mothers and women living HIV/AIDs groups.

Achievements

- We managed to train 210 child mothers and vulnerable youths in 2016/2017.
 - ❖ We train them With livelihoods and vocational skills like:- Cobblers, Hair dressings, bakery, and others as Business skills, WASH, MHMs and Orphans supports.
- We also managed to train 211 child mothers and vulnerable youths in 2019/2019
 - ❖ We train them with livelihoods and vocational skills like: - Cobblers, Hair dressings, bakery and Business skills.

- ❖ We also managed to train 497 Church leaders with mentorships (boy to manhood, Girl to motherhoods), Discipleships, and HIV cancelling and Awareness.

Challenges we got.

- Materials prices/cost was very high with Government taxes
- Training facilities was not enough due to high taxes but we use what we have.
- Market challenges were the big issues since the goods are new in the market.
- Branding and packing problems
- Time frame was short since the funds were not enough to cover 1 year.
- Long distance, Recommendation

Risks

So many child mothers, unwanted kids, are vulnerable to HIV/AIDS and drug abuse since they have wrong peer groups.

Plan for 2019/2020.

would like to implement Livelihoods like (liquid soap making, Menstruation hygiene facilities and materials, needs of book keeping training(VSLAs), Arts & Hands works skills, introducing micro-farming business, SRHs, WASH at the group level .The Livelihoods Program which was introduce and train to child mothers, vulnerable youths, Vulnerable women and others living with HIV/AIDS shall bring into change in attitude, saving culture, hard work and now we already forms 10 women groups and over 70% members are operating income generating activities (IGAs) which will enabled them earn income to improve on their living standards.

Members now testify that through last training, they are able to afford two meals a day, support their families, improve household status and support them with all the scholastic materials. Some groups have gone head and request us to train them with liquid soap making, Menstruation hygiene facilities and materials, needs of book keeping training, Arts/ Hands skills, introducing micro-farming business, SRHs, WASH at the group levels.

This opportunity will enable reach and transform the big numbers of the community in lira District, So far EARN Uganda have 7 vulnerable women groups and 3 positive living with HIV/AIDS groups in a small quantity of groups and ready to Provides illustrative approaches to monitor and communicate results on capacity building efforts by specific technical areas

including zero tolerance of Gender based violence and land conflicts through practical knowledge trainings.

- ❖ Building 5 local Oven for making breads
- ❖ Acquire 10 sawing machines for tailoring and garment cutting
- ❖ Acquire assorted machines for Hairdressing.
- ❖ Acquire assorted Cobblers machine.
- ❖ Acquire assorted computers for training.
- ❖ Hand crafts skills training.
- ❖ Acquire the liquid soap materials and training
