RECOMMENDATION FOR OPENING OF MUBENDE COLLEGE OF HEALTH SCIENCES (MCHS) IN MUBENDE DISTRICT:

On behalf of Mubende District and on my own behalf, I request your office to help and allow us have the training school for nurses and midwives opened in Mubende.

I have personally and physically attended the consultative meetings called by the proprietors.

We have given them a go ahead because that institution is a necessity in Mubende and neighboring Districts.

Once the Institution is put in place, some of our students will get a chance to train after their course, they will be employed by the Districts and the hard to reach areas will be served by their own children.

We as Mubende District really need that college be established in Mubende to complement the government efforts to train well qualified professionals.

For that reason, I strongly recommend to your good office to allow the founders open the training institution in Mubende District.

I hope my recommendation will be put under your positive consideration.

Yours in service,

Kibuuka Francis B. Amooti
