**RE: APPLICATION FOR STARTING MUBENDE SCHOOL OF
NURSING(MUNS)**

We hereby apply to the Nursing Council for consideration to start a nursing school in Mubende town council, Mubende district this October-November intake 2011. We have applied to the Ministry of Education and Sports (MOE&S) BETVET for permission to start the above said MUNS training nursing school. We perceived the idea after working in Mubende hospital and realized that the workload was much for staffs at the hospital. The patients were served but they tend to delay due to the long line. We hoped and planned to apply to start a training nursing school which could be one of intervention measures for improving health service delivery in Mubende. Once given permission to establish a nursing school in Mubende will be a response to answer some of the health problems found in Mubende, our families, community and our country. Attached is the project proposal for your perusal and advice. We hope our application will be put under consideration.

Yours faithfully,

Musinguzi Lucy
MUNS -Director
