Subject: **Girls in ICT Day Certificate of Recognition**

Dear Sir,

It is my great pleasure to award your organisation the attached Certificate of Recognition for outstanding efforts in organizing a Girls in ICT Day event this year. As you know, International Girls in ICT Day, celebrated on the fourth Thursday of April every year, is an initiative backed by ITU Member States in Plenipotentiary Resolution 70 (Guadalajara, 2010) to create a global environment that empowers and encourages girls and young women to consider careers in the growing field of information and communication technologies (ICTs).

Your Administration/organization played an essential role in this global initiative which saw more than 1,320 events organized worldwide in nearly 90 countries, with over 30,000 girls being empowered with a better understanding of the exciting opportunities a career in ICTs holds for them. The work done by your Administration/organization, and the results achieved in raising awareness among young women, girls, communities, teachers and career advisers of the excellent job prospects for highly skilled technical women in the ICT sector, made a strong case for the creation of an empowering environment that encourages girls and young women to consider a tech career.

The BDT has developed the Girls in ICT Portal ([www.girlsinict.org](http://www.girlsinict.org)) which houses practical information for girls and young women considering a career in ICTs, such as programmes, awards, competitions, profiles of women ICT sector role-models and inspirational videos. We are now posting on the Portal (<http://girlsint.org/girls-in-ict-day-events>) information about all national and local Girls in ICT Day events. We invite you to send us background information about your event, as well as pictures and videos if you have not already done so at [girlsinict@itu.int](mailto:girlsinict@itu.int).

I would like to thank your Administration/organization for its dedication and drive that led to the outstanding results for International Girls in ICT Day 2012, and look forward to working in close collaboration with you for an even more successful celebration next year on 25 April 2013.

Yours faithfully,

A handwritten signature in blue ink, appearing to read 'Brahima Sanou', is written over a white background.

Brahima Sanou
