P.O.Box 7272,
Kampala.

Thru,

The District Health Officer,
Mubende.

RE: REQUEST FOR PERMISSION AND ADVICE

We the proprietors of the proposed Mubende College Health Sciences (MCHS) are requesting the government (MOH) to allow us and advise us how to start a private medical Institution/College.

We are planning to start a medical Institution this year to be called Mubende College of Health Sciences (MCHS).

This College is planned to train nurses, midwives, clinical officers, laboratory assistants and counselors.

We have consulted the elders, local leaders and government leaders in Mubende and we have concurred that a school is a necessity in Mubende.

Our problem has been for us to get guidelines how to start and the permission from the authorities to allow us to start it.

We hope that when the college is functioning we shall be doing our most practical work in Mubende regional referral hospital and other Health center IV in Mubende.

Looking for word to hear from you.

Yours faithfully,

MUSINGUZI LUCY.

Secretary for the proposed College.
