**RE: Partnership with Humanist Watch Salone**

Dear Sir/Madam,

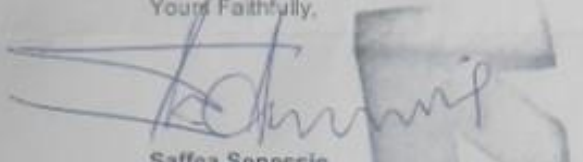

I write in support of Humanist Watch Salone's (HUWASAL) partnership with the International Rescue Committee (IRC)

In writing this letter, I hereby confirm that the International Rescue Committee worked with HUWASAL on a Women's Protection and Empowerment (WPE) projects during 2011 and 2012. Humanist Watch Salone implemented activities under the "Competency based Economics through Formation of Enterprises" (CEFE) Business Skills Training component of the Economic and Social Empowerment (EASE) project of the IRC Sierra Leone's GBV Program.

We have found HUWASAL to be a competent technical partner and have also found them to be a reliable organization to work alongside to achieve project successes, as well as finding them an administratively sound organization to correspond with.

Finally, I am happy to be contacted if any further clarification is required.

Yours Faithfully,

**Saffea Senessie**  
Country Director
