

18 April, 2018

Dear Tareq Hassan,

Thank you for completing the IPEN membership application and for informing us that International Youth Council – Yemen endorses IPEN's Stockholm, Dubai and Minamata Declarations. I am pleased to now welcome IYCY as an IPEN Participating Organization (PO) and a member of the IPEN Global Network. Welcome!

You soon will receive an email from the IPEN Regional Coordinator within your region who will provide more details on how IPEN works, how you can be involved, and how to receive updates and information from the IPEN network.

IPEN is a meaningful global network, as each IPEN Participating Organization shares the collective vision for a toxics-free future for all. We share information and help each other in the IPEN family.

I look forward to working with you and learning more about IYCY's work and priorities.

Sincerely,

Björn Beeler
IPEN General Manager and International Coordinator
