

HELPING CHILDREN WORLDWIDE

The Child Rescue Centre: *Helping Children Learn, Grow, & Become Leaders*

In Sierra Leone: 1 in **5** children will not live to see their 5th birthday.
48% of children have to work instead of going to school.
60% of the population is illiterate.

The CRC can help.

THE CHILD RESCUE CENTRE IS...

- a national model for caring for at-risk children that opened in the year 2000 to care for the street children and orphans affected by Sierra Leone's civil war.
- a holistic, faith based program for children, providing food, shelter, clothing, healthcare, education and skills training for children who are at risk of being forced into child labor or sold into human trafficking.
- a continuum of care, including the Residential, community Child Support, Foster Care, and Post-Secondary scholarship programs.
- a safe place and a source of hope for nearly 300 children & youth.

THE CHILD RESCUE CENTRE CAN...

- make a difference in the life of children in desperate situations, allowing them to have a childhood and go to school instead of going to work.
- turn a needy child into a future leader, giving them the tools they need to help pull their country out of poverty.

HOW YOU CAN HELP...

- visit www.helpingchildrenworldwide.org to learn more about the Child Rescue Centre and how you can be a part of this ministry.

Let the little children come to me, and do not hinder them, for the kingdom of heaven belongs to such as these.
