

ANAMED REGIONAL TRAINING REPORT CONDUCTED IN LIRA NORTHERN UGANDA

Anamed seminar that was scheduled for the 21st - 26th March 2011 was successfully accomplished as planned.

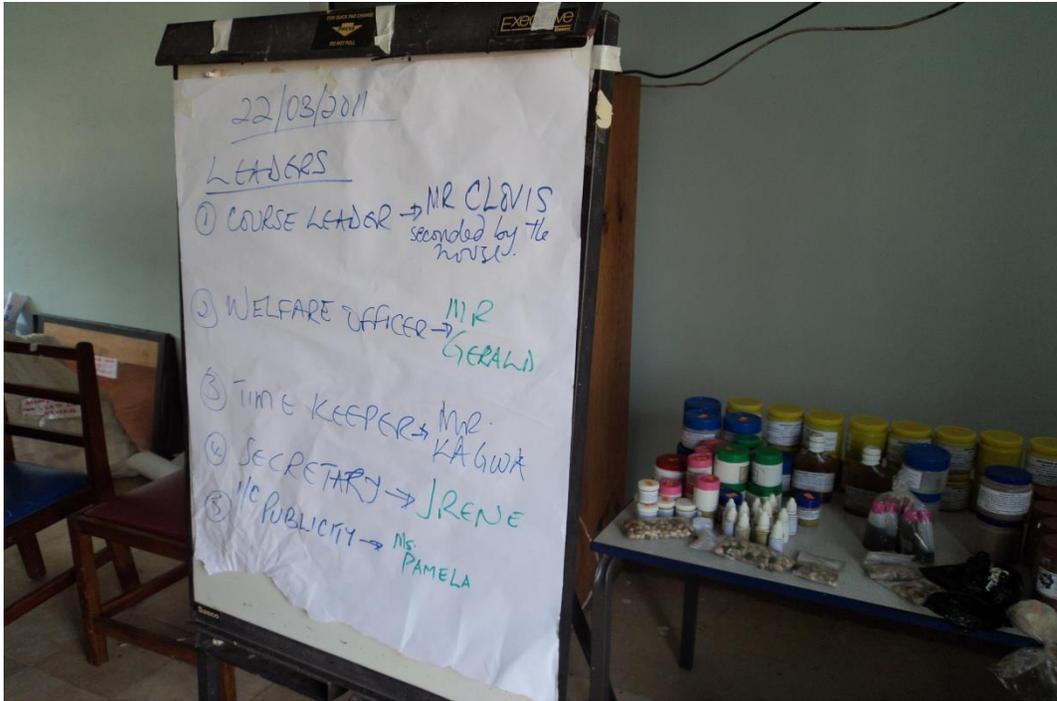

Most of the guest participants from outside Lira Northern Uganda were received at All Nations Christian care Guest House in the early afternoon and late evening of Sunday the 20th March 2011 by **Rehema Namyalo**, the lead seminar facilitator and **Engineer Joseph Ogwal**; TAG's host representative.

On the 21st March 2011, the seminar was officially opened by Lira District chairman; **Honorable Alex Oremo Alot0772617882** whose message was very much encouraging to both the facilitators and the participants. The chairman who applauded the audience that anamed's arrival period in Lira which coincided with his election into the office is a great blessing to him. Hence, it will be his role to make sure that the mission of anamed succeeds in his district Lira so that he gets overwhelming votes in the next elections of 2016. He even further assured the facilitators and the participants that; for the anamed extension to other neighboring districts, he would invite another district chairperson from Alebtong district, **Honorable DK Odongo** to conduct the official closure of the seminar.

The seminar there after heated up with very many interesting activities; both the theoretical lectures and the practical not possible to be written down in this brief report as the limited volume is not enough to contain; but only worth seeing in the following pictorial explanations.

The beginning of the lessons after introductions and the official opening of the seminar

The course leaders were elected

The two facilitators **Mr. Samuel Mundua** and **Mr. Steven Kabaseke** officially came into to action.

Rehema Namyalo conducted lectures on Artemisia anua

Mineral water after breakfast

Good Lunch after morning session

Extracting Honey with solar oven

The separation of honey from wax

Milly grace identifies *Centella asiatica*

Another group identifying other species.

Julius Ojok Apili in black suit discussing with **Pamela** the nurse on one species while others were busy on other medicinal plants identification

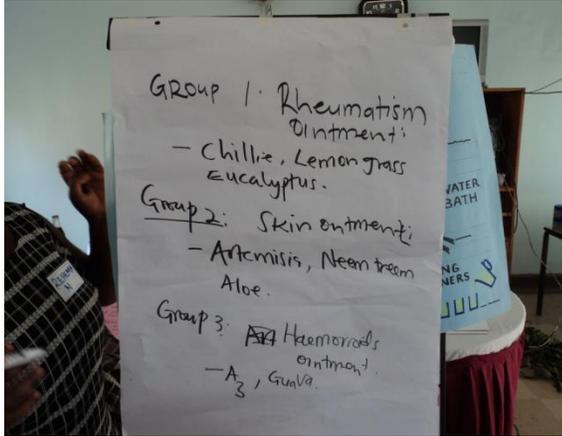

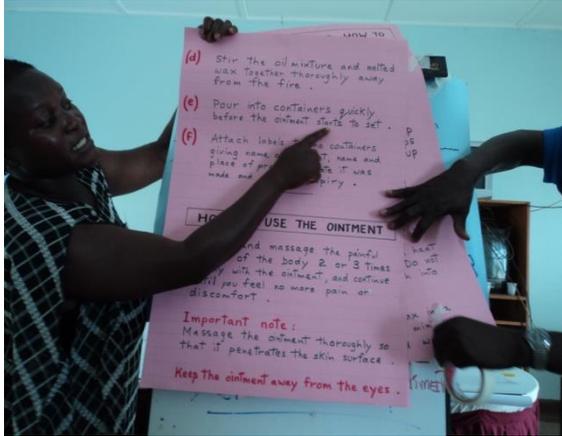

A certain fresh Honey hawker was passing by but, Rehema did not allow him chance to disappear. She straight away selected one for Jenifer Davis to taste.

Going back to class from field identification

Inside the class with posters for comparisons

Rhema

Introduces on ointment production. Three groups were formed for practicals

Group 1 prepared Rheumatism Ointment

The finished product ready for packing

Group 2 on derma ointment

Final process for packing

Group 3 on Hemorrhoid ointment.

The finished product loading into the containers

Grain amaranth seeds introduction

Grain amaranth seeds pop

Technology 1, The Charcoal Fridge

Technology 2, The Solar Oven

Technology 3 on the Solar Drier

Technology 4 on the Tip Tap

Eng. Joseph explains concave reflecting surface

Alternative box convex reflecting surface

The three packed products by Lira seminar

Variety packed and labeled by Rehema

White stones for preparation of Black stones

Inside glowing Charcoal for black stone

Measuring crude palm oil for soap production

Mix of Artemisia & neem for medicinal soap

Sodium Hydroxide solution preparation

Preparing the soap packing mould

Seeds and products package for participants

Anamed smartness and identity in T-shirts

The joy of participants in anamed uniform

The district Chairman issued the Certificates

On the 26th March 2011, the seminar was officially closed by the District Chairman of **Alebtong District** as was promised by the District Chairman of Lira District.

Honorable **DK Odongo** was very much impressed with the report presented to him by the course leader **Mr. Clovis Kabaseke**.

The Chairman testified that the Anamed seminar in Lira has been the fulfillment of his dreams that provoked him earlier to take up a course in Organic agriculture which he is currently pursuing at Uganda Martyr's University.

He however, stressed that he is ready to support the extension of Anamed training in his district of Alebtong. He even further mentioned that; it is his duty to put forward in his council meeting for the district to allocate land for the permanent structural development of Anamed extension office and natural medicine research center where possible.

After his honorable speech, he then gave out the certificates and hand shook each and every participants to show his fatherly concern for the training.

Otherwise, the seminar was intensive, very nutritious to the participants; especially the Lira people since it was the first time Anamed has conducted such a training.

All the participants are very happy because they have been equipped with books, posters and sample seeds of rare species like Artemisia.

Greater blessings to **Dr. Keith Lindsey** and **Dr.Hans Martin** for the worthy rural health cause

Extended blessings to RHEMA Namyalo, Mr. SAMUEL Mundua and Mr. STEVEN Kabaseke for their precious commitments and facilitations.

Thanks to **Mr. CLOVIS kabaseke** on behalf of all knowledgeable participants who otherwise contributed valuable experience in the seminar.

This brief has been prepared by:

- **Engineer Joseph Ogwal** Anamed coordinator Northern Uganda, assisted by
- **Milly Grace Ogwal**Anamed Treasurer Northern Uganda
- E-mail ogwaljoe2016@gmail.com and graceajor838@gmail.com respectively.
