Dear Sir/Madam

RE: Reference Letter

I am delighted to support Wecare community based organization. We acknowledge that Wecare is a community based organization working with greater Kisumu County Communities to ensure they are healthy and self- sufficient. Wecare CBO has for the last one year have been supporting the implementation of high quality focused community programs. We also know that Wecare is currently working on a Livelihood program for Orphans and Vulnerable Children and would wish to expand their activities to include safe drinking water, hygiene and sanitation.

We wish to officially support Wecare under the premise that we have worked together and know them as strong implementing partner for sustainable and pragmatic grassroots level community support activities in well-being service delivery.

Sincerely,
